

2.2 | JÁCENAS FORJADO TIPO JTI

DIMENSIONES SECCIÓN (cm).									
A	70	80	90						
B	40	50	60						
C	20	25	30	35	40	45	50		
D	10	15	20	25	30	35	40	45	50

The technical drawing illustrates a forged anvil with a series of parallel ridges on its top surface. Dimension A represents the width of the base. Dimension B represents the width of the top surface. Dimension C represents the height of the base, and dimension D represents the height of the top surface. The length of the anvil is labeled as L = VARIABLE.
